Dear Representative,

The sponsors and supporters of Substitute House Bill 189 assert that this bill will reduce student loan debt and help more Ohioans compete for quality jobs leading to career advancement. These individuals would also have you believe that there is wide consensus in the industry that supports the drastic changes in hours in requirements for a cosmetology license.

In reality, Substitute House Bill 189 has been driven by a few powerful players in the industry for their exclusive professional benefit. Dramatically lowering the hours requirements for cosmetology licensure is agreeable to the business models of large salons that have extensive training programs accompanied by sweeping non-compete clauses and of chain retail establishments with low retention rates that are looking to hire large numbers of minimally trained individuals at low wages. Meanwhile the small independently owned salons that comprise nearly two-thirds of the market in the state are not in a financial position to bear the burden of increased on the job training that would be required if the hours for licensure were reduced. Ohio already offers an alternative license for "hair design" that requires only 1,200 hours. Licensed cosmetologists and cosmetology students have expressed deep-seated concern that lowering current requirements would leave them without the competence and confidence necessary to pursue self-employment options while devaluing their time and financial investment in their professional licensure and education.

Ohio just took sweeping action in the last General Assembly to align our licensing requirements with the 24 states that require 1,500 hours. The national consensus has coalesced around this recently implemented requirement. Forty-six states require at least 1,500 hours. Thirty states require between 1,500 and 1,600 hours, with only four states as outliers below 1,500 hours. Of these four states, only New York and Massachusetts have hours requirements as low as those proposed in HB 189. This reduction in licensing hours would negatively impact the portability of an Ohio license, drastically limiting reciprocity with other states for Ohio's cosmetologists. Furthermore, current law already provides that Ohio is open for business to out of state cosmetologists while protecting Ohioans. Right now, Ohio allows any individual with a cosmetology license in another state to sit for practical and theory examinations and upon obtaining a passing score of 75 on each exam and one

additional hour of training on human trafficking the individual qualifies for a basic license to practice cosmetology.

According to a study conducted in August 2016 by the American Institutes for Research and the Beauty Industry Working Group, Ohio's licensed cosmetology graduates enjoyed higher employment rates than their contemporaries in New York and Massachusetts, the only states with 1,000-hour requirements. This is based on data collected by the Bureau of Labor Statistics in May 2015 prior to the elimination of Ohio's manager license mandate. This study also revealed that the average student loan debt for a cosmetology student in Ohio is only \$1,074 and \$1,358 less than New York and Massachusetts, respectively. Contrary to proponent and sponsor testimony, reduced curriculum hours do not substantially lower the cost of student loan debt.

The Texas legislature recently rejected a similar proposal. In Arizona, the Professional Beauty Association has backed away from legislation to lower their hours requirement to 1,000 hours. Furthermore, Pivot Point and Milady, the leading curriculum providers in the industry, have both withdrawn their support for the Future of the Beauty Industry Coalition following the FBIC's decision to pursue 1,000-hour requirement. Pivot Point has noted that the FBIC's proposal and supporting research for a 1,000 requirement is "flawed and lacking in critical information... doesn't take into account important factors such as career longevity".

While we were not consulted prior to the introduction of HB 189 and not invited to the subsequent interested party meetings, we met Representative Roegner at the end of November to discuss her bill. We are therefore extremely disappointed once more that we were not even informed of the changes being sought prior to the sudden introduction of the sub bill in a hearing in which notice was provided barely 24 hours in advance.

We request that legislators vote against Substitute House Bill 189 and take a stand against big businesses seeking to manipulate Ohio law to their benefit and to the detriment of small, generally female owned and staffed businesses and Ohio licensees.

Respectfully,

**Subject:** RE: Oak Hills LSD - Resolution Supporting School Safety & Reducing School Violence

**Attachments:** img-305193317-0001.pdf

Dear Steve,

Thank you for forwarding the March 5 resolution of the Oak Hills School Board concerning HB 512, which appears to be in precisely the form in which the Ohio School Boards Association sent it to you. We are in the early stages of considering HB 512, and I am not a co-sponsor of the bill. However, I must confess to a great deal of bafflement at why you and these statewide school organizations would oppose the bill, as I do not see any effort to negatively affect anyone, which is the premise of your resolution.

For nearly 20 years, all I have been hearing is the importance of the K-16 continuum of education, and the need to align K-12 and higher education goals. To some extent, the lines are already blurred through programs such as College Credit Plus. The General Assembly establishes the laws and policies governing education in the state of Ohio. In every other instance, the executive branch agencies are charged with implementing the laws we pass. The exception is the state board of education, which has no seat at the table at the Governor's cabinet and is not responsible to the legislature to faithfully implement what we prescribe as law.

Under the bill, the state board of education would not be abolished, albeit its duties would be restricted to the more mechanical aspects of education such as teacher licensure and discipline. Policy decisions on topics like school funding, graduation requirements, report cards, and state assessments are already being made by the legislature, and that would not change under this proposal either.

It is more than a little disingenuous to exalt the role and authority of the elected members of the state board of education when nearly half of the members of the state board are already appointed by the Governor, and the elected members run in such large and unwieldy districts as to make it virtually impossible to raise the funds for an effective campaign. As a result, only those with the most vested interest in education (the teachers unions) typically have the financial wherewithal to play in

these state board of education elections. Years ago, I introduced legislation calling for a return to an all-elected state board of education. I still prefer that approach. However that ship sailed many years ago.

It is important to remember that if the bill passes, the education policy will be managed by an elected Governor and elected General Assembly. The head of the new agency must be confirmed by the elected Ohio State Senate. All rules and regulations of the new agency must be channeled through the public and transparent Joint Committee on Agency Rule Review process, and furthermore, undergo scrutiny by the Common Sense Initiative Department that scrutinizes all proposed rules for burden on small business.

Therefore, it is difficult to see what is being lost, or why the Oak Hills Board of Education would want to perpetuate the current situation which does not provide clear lines of accountability to anyone.

As stated above, we are just at the outset of consideration of the bill, and there will be plenty of time to have informed input from students, parents, educators, administrators, schools, school districts, superintendents and board members—as well as many others. That is what the committee hearing process is for. I am not aware that there is any more public input at state board of education meetings than there is during legislative hearings. I wonder how many of the Oak Hills School Board members have even attended a state board of education meeting.

At any rate, I would welcome any specific thoughts on how enacting this legislation would adversely and negatively affect education in the Oak Hills District.

Sincerely,

William J. Seitz

RESOLUTION  
(Supporting school safety and reducing violence in schools)

WHEREAS, school violence has become an epidemic in the United States of America;

WHEREAS, the children and school employees of our nation deserve to attend school without fear of death or injury, and their families deserve to send them to school without the same fear;

WHEREAS, there is a mutual responsibility of all citizens to address this problem and the responsibility for preventing violent incidents cannot be relegated to school districts alone;

WHEREAS, multiple studies have shown that the majority of Americans support action to eliminate violence in our schools;

WHEREAS, school board members, administrators, employees and community members should work together with lawmakers, legal counsel, law enforcement and security experts to determine how best to ensure student safety in their district;

THEREFORE, BE IT RESOLVED that the Oak Hills Board of Education implores the President of the United States, the Governor of the State of Ohio, the United States Congress, and the Ohio General Assembly to prioritize the protection of students and school employees by enacting legislation with funding for the following:

1. Enhanced mental health services and substance abuse treatment so that all individuals, including children, have sufficient access to these services.
2. Increased access to school safety measures, including, but not limited to, School Resource Officers (SROs), school safety infrastructure, and other security measures designed to protect students and staff from an active shooter on school grounds.
3. Training for school employees and enhanced coordination with law enforcement agencies and first responders to ensure appropriate responses to incidents of violence in schools.
4. Preserving the balance between the right to own firearms and the protection of students and school employees from any act of violence.

Dear Steve,

Thank you for forwarding the March 5 resolution of the Oak Hills School Board concerning HB 512, which appears to be in precisely the form in which the Ohio School Boards Association sent it to you. We are in the early stages of considering HB 512, and I am not a co-sponsor of the bill. However, I must confess to a great deal of bafflement at why you and these statewide school organizations would oppose the bill, as I do not see any effort to negatively affect anyone, which is the premise of your resolution.

For nearly 20 years, all I have been hearing is the importance of the K-16 continuum of education, and the need to align K-12 and higher education goals. To some extent, the lines are already blurred through programs such as College Credit Plus. The General Assembly establishes the laws and policies governing education in the state of Ohio. In every other instance, the executive branch agencies are charged with implementing the laws we pass. The exception is the state board of education, which has no seat at the table at the Governor's cabinet and is not responsible to the legislature to faithfully implement what we prescribe as law.

Under the bill, the state board of education would not be abolished, albeit its duties would be restricted to the more mechanical aspects of education such as teacher licensure and discipline. Policy decisions on topics like school funding, graduation

requirements, report cards, and state assessments are already being made by the legislature, and that would not change under this proposal either.

It is more than a little disingenuous to exalt the role and authority of the elected members of the state board of education when nearly half of the members of the state board are already appointed by the Governor, and the elected members run in such large and unwieldy districts as to make it virtually impossible to raise the funds for an effective campaign. As a result, only those with the most vested interest in education (the teachers unions) typically have the financial wherewithal to play in these state board of education elections. Years ago, I introduced legislation calling for a return to an all-elected state board of education. I still prefer that approach. However that ship sailed many years ago.

It is important to remember that if the bill passes, the education policy will be managed by an elected Governor and elected General Assembly. The head of the new agency must be confirmed by the elected Ohio State Senate. All rules and regulations of the new agency must be channeled through the public and transparent Joint Committee on Agency Rule Review process, and furthermore, undergo scrutiny by the Common Sense Initiative Department that scrutinizes all proposed rules for burden on small business.

Therefore, it is difficult to see what is being lost, or why the Oak Hills Board of Education would want to perpetuate the current situation which does not provide clear lines of accountability to anyone.

**To:** Paretti, Dominic

**Subject:** Deadline Tomorrow: Request for Co-Sponsorship – Paid Family and Medical Leave

**REMINDER-DEADLINE TO CO SPONSOR IS TOMORROW AT 4PM**

**MEMORANDUM**

**TO:** All House Members

**FROM:** Representative Janine Boyd and Representative Kristin Boggs

**DATE:** February 5, 2018

**RE:** Request for Co-Sponsorship = 6 Paid Family and Medical Leave

---

We will soon introduce legislation to create the Ohio Family and Medical Leave Insurance Program. Today we chose to send this co-sponsor request as this date marks the 25<sup>th</sup> anniversary of FMLA (Family Medical Leave Act). This legislation will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. So far five states—California, New Jersey, New York, Hawaii and Rhode Island offer some sort of paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a claim with ODJFS; must have worked at least 680 hours during the base period; premiums have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Working people in Ohio should not have to worry about losing their job or falling behind financially just to take care of a sick child or relative; address their own serious health condition; or care for and bond with their newborn child. Ohio cities like Dayton and Cincinnati are leading on leave. By allowing working people to put their family first, we can truly make Ohio a better place to live, work, and raise a family.

If you have any questions or would like to co-sponsor this legislation, please contact Dominic Paretti, at 614-644-5079 or via email at [Dominic.Paretti@OhioHouse.Gov](mailto:Dominic.Paretti@OhioHouse.Gov) and Serena Finlay, 614-466-1896 or via email at [Serena.Finlay@OhioHouse.Gov](mailto:Serena.Finlay@OhioHouse.Gov). **The deadline to co-sponsor is Friday, March 9 at 4:00pm.**
